Developing Tutorial Learning Outcomes

List the major things that you want your students TO KNOW (e.g., facts, theories, concepts, models, etc.) at the end of the tutorials:

List the major things that you want your students TO BE ABLE TO DO (e.g., skills, abilities, procedures, etc.) after taking the tutorials:

Write your course tutorial goals (3-4)—the BIG IDEAS:

1.

2.

3.

4.

Translate goals into 5-7 learning outcomes. Please use action verbs for outcomes (e.g., "By the end of this course, students will be able to… identify, demonstrate, discuss, etc.).

1.

2.

3.

4.

5.

6.

7.

8.
